This position is for a full-time, licensed Project Architect or Architectural Designer on the path to licensure, with three to five years of experience. We are seeking creative, talented, and team-oriented candidates. You should be passionate about design, work well with people, and communicate your ideas and approach in a clear and thoughtful manner. You will work collectively with our dynamic firm to develop innovative, thoughtful, and technical solutions for a wide range of clients and project types.

Requirements and Skills:

- Passion for design excellence
- Strong design, technical and visualization skills
- Ability to work closely and collaboratively on a project team
- Strong experience in organizing design and construction documentation
- Highly organized, with an eye for detail and problem solving
- Excellent and respectful verbal and written skills; within the office and with consultants, contractors and clients
- Some experience with leading internal project workflow, planning, and budgeting preferred
- Commitment to responsibility, integrity, and accuracy
- Experience with client interface, networking and relationship building
- High proficiency level with REVIT, Bluebeam Revu and Adobe Creative Suite; experience with Sefaira and other energy and carbon modeling is a plus
- Ability to thrive in a fast-paced environment
- Registered Architect or close to licensure
- Legal working status in the United States

Preferred:

- LEED accreditation or other sustainability accreditation is desired
