

SENIOR PROJECT ARCHITECT LICENSED: 7 - 10 YEARS' EXP.

MARKET EXPERIENCE: INDUSTRIAL

Located in New York City, Philadelphia or Princeton Office

We are seeking licensed candidates with strong leadership qualities and technical and design expertise in the industrial and commercial sectors. We are looking for a creative, talented, and team-oriented senior project architect to lead an expanding body of work that includes e-commerce, traditional distribution, manufacturing, data centers, and high security projects. You should be passionate about design, work well with people, and communicate your ideas and approach in a clear and thoughtful manner. You will work collectively with our dynamic firm to develop innovative, thoughtful, and technical solutions for a wide range of clients and project types.

REQUIREMENTS AND SKILLS:

- Strong design and technical skills and a passion for design excellence
- Ability to manage project teams, project budget, and project workplan
- Strong experience in organizing design and construction documentation
- Highly organized, with an eye for detail and problem solving
- Strong and respectful verbal and written skills; within the office and with consultants, contractors and clients
- Experience and ability to lead internal project workflow, planning, and budgeting
- A commitment to responsibility, integrity, and accuracy
- Experience with client interface, networking and relationship building
- Strong design and visualization skills
- Expertise with Revit, Bluebeam Revu and Adobe Creative Suite; experience with Sefaira and other energy and carbon modeling is a plus
- Ability to thrive in a fast-paced environment
- Registered Architect
- Legal working status in the United States
